

Friends of the Rouge

Ashley Flintoff, aflintoff@therouge.org

"The Great Lakes are Michigan's and the nation's greatest resource. For years, Michigan has made great strides to put in place legislation to protect, restore and steward these freshwater resources and we cannot stop now. We urge our legislators to set aside corporate interests and, instead, act on behalf of the communities most impacted by these bills so that generations to come can enjoy the Great Lakes."

For Love of Water (FLOW)

Liz Kirkwood, liz@flowforwater.org

"As the Great Lake State, Michigan should lead on water protection by ensuring that everyone has access to safe, clean and affordable water."

Saugatuck Dunes Coastal Alliance

David Swan, swan.dunes@gmail.com

"The legislature has done the foundational work to bring these good, well-balanced bills to the floor for a vote. It is imperative for the future health of our state, public participation, and the health of the many natural resources for which we are responsible that the Legislature now show up and vote to approve these bills. Let's complete the work, people!"

Michigan Lakes and Streams Association

Melissa DeSimone, melissa.desimone@mymlsa.org

"We have important water protection measures so close to the finish line. There is no need to hesitate when it comes to doing the right thing for our water in Michigan."

Beaver Island Conservancy

Heather Johnson, heather@beaverislandconservancy.org

"Let us continue our push to establish Michigan as a global leader in environmental protections and justice and the thoughtful use of our natural resources!"

Lone Tree Council

Terry Miller, terbar@charter.net

"We must take this opportunity to address our dire environmental issues while we can. We are the Great Lakes state. Let's act like it!"
