

Support the

2026 ECOsystems Conference

Nov. 9, 2026, Downtown Lansing

About the Conference

The 2026 ECOsystems Conference will convene leaders from across Michigan's diverse environmental movement at a pivotal moment—just following the state's critical elections. As we prepare to welcome a new administration and legislature, ECOsystems '26 will serve as a crucial starting point for our short and long-term policy strategy, aligning our membership around the wins we want to secure as a foundation for bigger outcomes in the next four years.

2026 Sponsorship Opportunities

Peninsula Sponsor	\$5,000
Great Lakes Sponsor	\$2,500
Shoreline Sponsor	\$1,000
